

#1375
ACRYLIC WATERBORNE
CLEAR SEALER
#1370 PIGMENTED

PRODUCT DESCRIPTION

#1375 is a clear non-yellowing acrylic sealer that is a great aid when chalky surfaces are being repainted. **DYCO #1375** penetrates and effectively bonds chalk so that subsequent paint films adhere and do not flake or lift from the old surface. **DYCO #1375** Acrylic Waterborne is recommended for #1 and #2 chalk (mild to medium).

RECOMMENDED USES

Stucco, concrete block.

PRODUCT ADVANTAGES

- *Excellent adhesion and adhesive properties
- *Resistant to moisture penetration *Can recoat within 1 hour
- *Coat over with latex or oil base paints

MATERIAL PREPARATION

DO NOT THIN. Use as received.

SURFACE PREPARATION

All surfaces to be sealed must be in good condition, thoroughly cleaned and free of loose and foreign matter, including oil, grease and mildew. Loose or flaking paint should be scraped or wire brushed for a clean surface.

APPLICATION

#1375 may be applied by brush, roller, or spray as it comes from the container. DO NOT THIN! Avoid excessive amounts of material and spread evenly.

LIMITATION OF LIABILITY

Technical data is true and accurate at date of issuance, but subject to change without notice. Our products conform to **DYCO** quality standards, but no other warranty or guarantee is expressed or implied. Liability, if any, is limited to replacement of product or purchase price. Labor, or other consequential damages is hereby excluded.
